

ATHAN01B

ATHAN U1, 7.1-Channel Surround Sound Gaming USB Headset

These over-ear, noise-reducing headphones produce a surround-sound 7.1 effect that is the equivalent of a typical 8-channel speaker setup. They are designed for long-term comfort and all-day wear, with an adjustable headband and soft-cushioned, over-ear cups. The design reduces background noise for a fully-immersed experience and also enhances bass, while a top quality 50mm speaker punches out true, high-fidelity sound with great audio detail. 7-color LED lights create a 'breathing' effect, pulsating in time to the music or audio being played. The headphones work across multiple platforms, making them an excellent option for PC use, gaming, or simply listening to music.

Highlights

- > 7.1 surround sound effect
- > Over-ear design reduces noise interference and enhances bass
- > Soft-cushioned leather ear cups and self-adjustable headband for long comfortable use
- > High quality 50mm speaker offers total immersion and sound detail
- > 7-color LED lights with breathing effect
- > Multi-platform compatible: PC , PS4
- > Built-in microphone
