7 Alternative wireless setup (Wireless models only)

Even if you do not have a wireless access point/router, you can connect your device and your machine directly. For additional wireless network support, go to support.brother.com/wireless-support.

Find your SSID (Network Name) and Network Key (Password) on your wireless access point/router and write them in the table provided below.

SSID (Network Name)	
Network Key (Password)	

SSID: XXXXXXX
Network key: XXXX

If you cannot find this information, ask your network administrator or wireless access point/router manufacturer.

To select each menu option, press ▲ or ▼, and then press **OK** to confirm. Select [Network] > [WLAN] > [Setup Wizard], and then press ▼.

Select the SSID (Network Name) for your access point/router and enter the Network Key (Password).

When the wireless setup is successful, the LCD displays [Connected].

If setup is not successful, restart your Brother machine and your wireless access point/router, and repeat **7**.

For Computer
Go to **6** to install software.

For Mobile Device
Go to **8** to install apps.
