

GorillaPod™ 5K Kit

New! Our Most Advanced Professional-Grade Tripod Kit Featuring Patented Metal Socket Technology

The top choice of leading journalists and vloggers, the GorillaPod 5K Kit sets the standard for mobile content creation worldwide. The strong, flexible GorillaPod 5K Stand operates in 3 modes: grip for interviews and selfies, tripod or wrapping mount. We've paired this flexible tripod with our pro level BallHead 5K, featuring independent pan and tilt functionality for precise positioning and an Arca-Swiss compatible quick release plate for easy set-up. This kit performs perfectly as an interview/selfie/live stream rig.

Features & Benefits

GorillaPod 5K Stand

- **Flexible:** Wrappable legs allow you to secure professional camera equipment to virtually any surface
- **Versatile:** Professional camera equipment weighing up to 11lbs with a 1/4"-20 or 3/8" tripod mount
- **Overachiever:** Can be configured for still photography, videography, vlogging or live streaming in 3 modes: grip, wrap or stand
- **Strong:** Holds devices weighing up to 5kg (11 lbs)
- **Stable:** Over two dozen leg joints with rubberized grip rings and foot grips allow you to bend and rotate 360° for increased stability and composition control in difficult terrain
- **Durable:** Machined aluminum construction delivers durability and smooth movement

BallHead 5K

- **Precise:** 360° panning bed and 90° tilt for optimal position control, perfect for portrait or landscape shots
- **Versatile:** Mount pro-level DSLRs, strobes, flash or video lighting, microphone, Pico projector, speaker or any other 1/4"-20 device weighing less than 11lbs or 3/8" mount with included adapter
- **Efficient:** Arca-Swiss compatible quick release plate stays connected to camera for instant set-up
- **Accurate:** Numbered scale on base lets you accurately repeat 360° panoramas, secondary knob locks pan separately
- **Modular:** Works with JOBY pro-level accessories, including GripTight PRO Mounts, GorillaPod Arms and Hub Adapter that allow for mounting GoPro adapters, flash clips, lighting and microphones
- **Stable:** Locking adjustment knob easily locks Ballhead 5K into place

Replaces: Gorillapod Focus + Ballhead X
