Picture is for indication purposes

Description:

The Club3D USB Type C Power Charger, with the USB Type C connector is designed for users who need to charge their PC/NoteBook/Tablet/Mobile Phone and/or docking station. It has an integrated AC connector for direct use into a wall socket. The Power Charger is light weight without compromising on Quality and Safety. By adopting PowerDelivery charging technology, the charging function through USB Type C interface, you can charge any USB C powered device. Furthermore all it needs is a free USB Type C port on your PC/NoteBook/Tablet/Mobile phone via the bundled USB cable.

Charging

By adopting PD Charging technology and charging function through USB Type C interface the Club3D USB Type C Power Charger offers unique functionality. It will charge your device up to 27Watts. By using Qualcomm 4+ charging function battery life is protected by avoiding overheating while charging - this function is available by selected devices. It can charge from 0 to 50% in 15 minutes.

Features:

- Multi/purpose-Efficient-Light Weight- Single Port Power Charger
- Supports USB Type C PD charging function for up to 27W
- Bundled with a USB Type C (power) connection cable
- Removes the need for multiple Power Chargers
