Fujitsu recommends Windows 11 Pro.

# Data Sheet Fujitsu Desktop ESPRIMO P9012

## The workhorse for your desk

The Fujitsu ESPRIMO P9012 Desktop PC is the workhorse you need for your desk with high performance, high security, flexible graphics option and best-in-class connectivity. The latest Intel chipset with 12th Gen Intel® Core™ processor guarantees increased performance and great expandability options. This PC supports special purpose cards, increased encode/decode capabilities and broad variety of interface options.

Powerful performance, proven technology and long lasting supply ensures smooth sailing of demanding business applications

■ Superior Intel® Q670 chipset with 12th generation Intel® Core™ processor family

### Superior system management

Simple system administration for complex IT infrastructures

■ Based on the stable Intel® vPro™ technology platform technology (depending on processor) and DeskView manageability suite

### Best-in-Class connectivity

Be flexible and stay productive in a hyper-connected world

- Flexible graphics connector options: VGA, DVI-D, HDMI, Type-C, DP, Intel® Thunderbolt™ 4
- Type-C option supporting 60 Watt output power to run a display w/o extra power supply
- Legacy connectors as option: PS/2, serial port

### High security with integrated options

Designed to protect data and hardware components against manipulation and the ft  $\,$ 

- Secured Core PC
- Cable cover in addition to existing Smartcard reader
- Integrated cabinet lock with master key option
- Hole for pad lock and Kensington as standard for security

## Low power consumption and environmental impact

Reduced environmental impact and reduced energy bills

- "Modern Standby" mode prepared to reduce energy consumption while still being connected
- Sum of post-consumer recycled content for plastic per weight is 57% (15% are from ITE derived post-consumer material and 42% are any other post-concumer content)

# Components

	ESPRIMO P9012	ESPRIMO P9012 ESTAR
Processor	Intel® Core™ i9-12900 processor (16 Cores(8+8) / 24 Thread Intel® Core™ i7-12700 processor (12 Cores(8+4) / 20 Thread Intel® Core™ i5-12500 processor (6 Cores / 12 Threads, 3.0	ds, 2.1 GHz, 25 MB, Intel® UHD Graphics 770) **

Additional Software		
Additional software (preinstalled)	McAfee® LiveSafe™ (provides award-winning antivirus protection for your PC and much more. 30 days trial pre- installed) Microsoft Office (1 month trial for new Microsoft® Office 365 customers. Buy Microsoft Office.)	
Additional software (optional)	Recovery DVD for Windows®  Drivers & Utilities DVD (DUDVD)  CyberLink PowerDVD BD (playback software for Blu-ray Disc™)  CyberLink PowerDVD DVD (playback software for DVD)  Nero Essentials XL  Microsoft® Office Professional 2021  Microsoft® Office Home and Business 2021  (Need to buy license to activate the pre-installed Microsoft Office. Purchase and activation only in the region in which it was acquired.)	
Additional software (notes)	Use of accompanying and/or additional Software is subject to proactive acceptance of the respective License Agreements /EULAs/ Subscription and support terms of the Software manufacturer as applicable for the relevant Software whether preinstalled or optional. The software may only be available bundled with a software support subscription which – depending on the Software - may be subject to separate remuneration.	
Base unit	ESPRIMO P9012	ESPRIMO P9012 ESTAR
Security		
Physical Security	Kensington Lock support Eye for padlock Integrated cabinet lock (optional) Cable Cover (optional; covers and secures the ports and c	ables on rear side)
System and BIOS Security	Embedded security (TPM 2.0) EraseDisk Credential Guard Ready and Device Guard Capable (requires 8 GB or more system RAM and SSD PCIe NVME) Modern Standby and Legacy Standby selectable Write protect option for the Flash EPROM Control of all USB interfaces External USB ports can be disabled separately Control of external interfaces NIST SP800-147 BIOS Protection supported NIST SP800-155 BIOS Integrity Measurement supported NIST SP800-193 Platform Firmware Resiliency supported	
User Security	User and supervisor BIOS password Hard disk password Access protection via external SmartCard reader (optional) Access protection via internal SmartCard reader (optional)	
Security Notes	The properties of the product provide a baseline for product security and therefore end-customer IT security. However, these properties are not sufficient on their own to protect the product from all existing threats, such as intrusion attempts, data exfiltration and other forms of cyberattacks. To customize security settings, please use the configuration options as available for the respective product. During operation, the IT security of this product is within the responsibility of the respective administrator/end-user of the product. Please note, that Fujitsu as a manufacturer does not make any policy prescriptions or advocacy statements regarding IT security best practices and/or general product operation.	

Manageability		
Manageability technology	DeskUpdate Driver management PXE 2.1 Boot code Wake up from S5 (off mode) Intrusion switch (optional) WoL (Wake on LAN) Intel AMT 16.0 (depending on processor)	
Manageability software	DeskView Client DeskView Instant BIOS Management	
DeskView components	BIOS Management incl. Security Inventory Management Driver Management Alarm Management	
Supported standards	DMI (Desktop Management Interface) SMBIOS (System Management BIOS) PXE (Preboot Execution Environment) WMI (Windows Management Instrumentation) WBEM (Web Based Enterprise Management) CIM (Common Information Model)	
Manageability link	http://www.fujitsu.com/fts/manageability	
Miscellaneous		
	Keyboard on with one key (Fujitsu Keyboards KB521, KB955) Keyboard on with two keys (CTRL+CTRL; special Fujitsu USB keyboards required) Keyboard on with any key (USB) Thermal management Extended lifetime Integrated dust filter in front bezel	
Packaging information		
Packaging dimension (mm)	439 x 296 x 499 mm	
Packaging dimension (inch)	17.28 x 11.65 x 19.65 inch	
Packaging notes	printed user documentation is bleached in chlorine free process; Bulk packaging for projects (optional)	
Warranty		
Warranty period	3 years	
Warranty type	Bring-In / Onsite Service (depending on country)	
Warranty Terms & Conditions	http://www.fujitsu.com/warranty	
Digital bug fixes	Subject to availability and following their generic release for the product, bug fixes and function-preserving patches for product-related software (firmware) can be downloaded from the technical support at: https://support.ts.fujitsu.com/free of charge by entering the respective product serial number. For application software supplied together with the product, please directly refer to the support websites of the respective software manufacturer.	
Product Support - the perfect extension		
Recommended Service	9x5, Onsite Response Time: Next Business Day	
Spare Parts availability	5 years

## More information

### Fujitsu products, solutions & services

In addition to Fujitsu Desktop ESPRIMO P9012, Fujitsu provides a range of platform solutions. They combine reliable Fujitsu products with the best in services, know-how and worldwide partnerships.

### Fujitsu Portfolio

Build on industry standards, Fujitsu offers a full portfolio of IT hardware and software products, services, solutions and cloud offering, ranging from clients to datacenter solutions and includes the broad stack of Business Solutions, as well as the full stack of Cloud offering. This allows customers to leverage from alternative sourcing and delivery models to increase their business agility and to improve their IT operation's reliability.
