

GENERAL USE and CAD LARGE-FORMAT PRINTING

# Introducing the imagePROGRAF iPF610 printer

A new 24" large-format printer built by Canon for the way you work

From Canon, a world leader in office imaging systems and ink-jet printing technology, comes the imagePROGRAF iPF610 printer— a highly versatile printing solution designed to enable all levels of users to produce spectacular full-color, large-format graphics.

The iPF610 printer is an all-purpose large-format printing solution that's ideal for businesses, schools, architects, engineers, and other professionals who want to easily create, process, and print full-color presentations, signs, posters, renderings, CAD drawings, GIS maps, and other large-format graphics.

## **iPF610 Features**

Why settle for anything less?
The iPF610 printer includes everything you need.

#### **HIGH-QUALITY PRINTING**

- High-resolution 2400 x 1200 dpi output
- Fine lines with Canon's 5-color dye/pigment Reactive Ink technology

### **MAXIMUM PRODUCTIVITY**

- High-speed output print a full-color 2' x 3' fast!
- A super high-density print-head with 15,360 nozzles

#### **VERSATILITY**

- Point-and-click software solutions from Canon make printing your own posters, presentations, and signs easy.
- Print CAD and GIS applications with the HDI driver and direct printing support for HP-GL/2 and HP RTL documents.

#### **EASY TO USE**

- Quiet operation and convenient media feed options
- A large LCD panel provides better visibility and more information

#### **BIGGER IS BETTER—NOW IT'S EASIER TOO!**

The iPF610 printer is a complete largeformat printing solution designed to help all levels of users do more—better, faster, and more efficiently. To help you, an array of workflow solutions is available with the iPF610 printer.\* Expand your capabilities and simplify operation.

- Canon Printer Driver 2007
   Intuitive operation with Easy and Advanced settings
- Web-Link
   Point-and-click access to applications and information
- PosterArtist 2007\*\* (optional)
   A template-based poster design software package

### PRINT WHAT YOU WANT—HOW YOU WANT IT

Office documents come in all sizes and formats, from photos, graphics, and charts to Microsoft® files. The versatile iPF610 printer is equipped to help you compose, edit, and enlarge these documents, whether you have the application file or just a printed original. The Free Layout feature\*\* enables digital documents of different file formats to

be composed onto a single page, edited and printed together. Or you can enlarge documents directly from a printed original by integrating the iPF610 printer with a Canon imageRUNNER® device with Universal Send. The result is a seamless scan-to-print workflow.

#### **SPEED WITHOUT SACRIFICE**

In today's business environment, tight deadlines have become the norm. The high-speed iPF610 printer will help you beat the clock and stay ahead of the curve. The high-density print-head with 15,360 nozzles ejects more ink with every pass so high-resolution 2400 x 1200 dpi images can be produced faster in every print mode.

#### **OFFICE COMPATIBLE AND READY TO WORK!**

With low power consumption, easy media feed options, and quiet operation, the network-ready iPF610 printer is an out-of-the-box large-format printing solution designed to fit comfortably into virtually any office environment.

<sup>\*</sup> Please see specifications page for OS compatibility.

<sup>\*\*</sup> PC only
