

Key **Features**

- 32-inch QHD Display
- Quantum Dot IPS Technology
- 175Hz Refresh Rate
- 0.5ms (MPRT) / 1ms (GTG) Response Time
- NVIDIA® G-Sync Compatible

Product **Description**

Witness your gameplay in unmatched color, detail, and vibrancy on the XG320Q. Quantum Dot technology overhauls visual performance and the QHD resolution renders every detail on our VESA certified DisplayHDRTM 600 panel. Geared with a hyper-responsive refresh rate that overclocks to 175Hz for ultrasmooth gameplay, and a 0.5ms (MPRT) / 1ms (GTG) response time to reduce ghosting, you'll dominate in-game with greater precision. Our monitor is also NVIDIA® G-Sync compatible, so no matter how intense the action gets, you can eliminate screen tearing and stuttering.
