#### Overview

HP set the standard for performance and value in the enterprise with the 10000 G2 Series Rack family. This enterprise-class rack combines unparalleled structural integrity, cooling, and cable management; ease of use capabilities and a wide choice of rack, power and switching options to deliver a best in class product. The new rack is designated as HP's universal rack, ideal for all HP rack mounted server and storage products, complementing and protecting your investment in technology. Specifically designed to ensure outstanding cooling and cable management, the 10000 G2 Series Rack is the best choice for enterprise racks.

#### Overview

#### At a Glance

- The HP Rack 10000 G2 Series is the first universal rack compatible with all HP rack mounted products including ProLiant, Integrity, Nonstop, HP 9000 and Alpha servers as well as Storage products. This effort simplifies the HP rack product line by consolidating all previous rack offerings into a single universal rack for all HP server and storage platforms.
- The HP Rack 10000 G2 Series also offers many improvements over the HP Rack 10000 Series racks:
  - $\circ~\ensuremath{\mathsf{Front}}$  door with updated design
  - O Front and rear door handles and lock bars for improved security
  - Cable management accessories
  - Improved CTO pallet with offload metal ramp included
- Three year limited warranty, parts only (3/0/0)

#### Models

<b>NOTE:</b> 0D1 will appear after the selected part numbers on yours sales order if factory integration is indicated.	
HP S10614 (14U) Rack	292302-B22
<b>NOTE:</b> The S10614 ships on a shock pallet.	

#### **Standard Features**

The HP 10000 G2 Series Rack System Compatibility	<ul> <li>The following HP products are compatible with the HP Rack 10000 G2 Series:</li> <li>HP ProLiant servers</li> <li>HP Integrity servers</li> <li>HP ProLiant BladeSystem</li> <li>HP NonStop</li> <li>HP MSA, EVA and XP</li> <li>All third party equipment designed to mount on industry standard 19" wide racks</li> </ul>
Industry Standard Support	The HP Rack 10000 G2 Series racks are industry standard 19 inch RETMA standard and will support third- party equipment designed to mount on 19 inch wide
EIA UL/CES Certification WEEE RoHS compliant	The HP Rack 10000 G2 Series conforms to EIA-310D Type A cabinet per section 4.1.1 No Yes Yes
HP Care Pack Services	HP Care Pack services include coverage for the HP branded hardware options qualified for the server and purchased at the same time or afterward that are internal to the enclosure. This also includes the 22" and smaller external monitors and tower UPS options up to 3kVA. These items will be covered at the same service level and for the same coverage period as the server. Coverage of UPS Battery is not included, and standard warranty terms & conditions apply. For servers or storage systems installed within a rack, service also covers all HP qualified rack options installed within the same rack.
	<ul> <li>To help streamline implementation and enhance ongoing support of rack solution, HP provides cost-effective service options with resources and specialized expertise to complement customers in-house capabilities.</li> <li>Installation and Startup services         <ul> <li>Take advantage of complete installation and implementation support-including global rollout capabilities-to get rack solutions up-and-running rapidly, with minimal business disruption.</li> </ul> </li> <li>Rack Option Hardware Support         <ul> <li>Cover rack options with a single convenient service package. HP Care Pack Services for rack-mounted ProLiant DL servers and storage products provide support for all HP-branded rack hardware options that are qualified for inclusion with the server at the time of or after purchase. In addition, 22-inch and smaller external monitors, tower units, and UPS options up to 3KVA are covered at the same service level and for the same period as the server at not</li> </ul></li></ul>
	additional cost. Also covered are any additional HP-qualified rack options installed within the same rack. HP Care Pack Services help increase uptime and productivity with rapid response on a 24x7 or 13x5 basis. Both options feature same-day, 4-hour onsite assistance when service issues cannot be resolved remotely. And both help enhance the return on server investment with proven HP Services expertise and

#### **Related Options**

Several options allow for guick and easy expansion of the HP Rack 10000 G2 Series racks to create a custom solution. NOTE: This is only a sampling of the many HP Rack options available. See the HP rack products Web site for more complete information at http://www.hp.com/products/rackoptions. Contact your nearest HP Authorized Reseller or Service Provider for information about ordering HP parts. In the United States, HP can make arrangements to have your rack system installed by gualified Guaranteed Service Providers. This installation service covers the entire hardware installation sequence, from unpacking the components to routing cabling and running a test of the system. **HP Airflow Optimization** HP 10000 Series Rack Airflow Optimization Kit AF090A **NOTE:** The Airflow Optimization kit is designed to prevent hot and cold air from mixing thus optimizing the temperature at which the chilled air enters the racked servers. NOTE: When configuring racks through Factory Express, a Rack Optimization kit will automatically ship with the rack. This kit is recommended for all other rack configurations also. **HP Rack Light Kit** HP Light Kit for 10000 Series Rack 361589-B21 NOTE: Supports HP Rack 10000 Series and HP Rack 10000 G2 series. This light kit is mounted on the rack roof and used to provide light to the rear section of the rack. **HP Rack Securing Kit** HP 600W 10K G2 Rack Tie Down Kit AF076A NOTE: For HP 10000 600mm wide G2 Series only. The tie down kit is used to secure the rack to the datacenter floor for seismic anchoring. HP 1200mm Configure-to-order Rack Tie Down Kit AF075A NOTE: For AF092A and AF094A only. The tie down kit is used to secure the rack to the datacenter floor for seismic anchoring. All other 10000 600mm wide G2 Series racks use the AF076A **Rack Coupling Kit** 10000 Rack Coupling Kit 248929-B21 NOTE: Supported by both the Rack 10000 and Rack 10000 G2 series. Supports 24 in and 600 mm floor tile spacing. The kit is used to join two or more 10000 series racks of the same height together in minutes to create a multi-bay configuration. **Offset Baying Kit** HP 9000 to 10000 Rack Offset Baying Kit 248931-B21 NOTE: This kit can be used to connect 9000 and 10000 series racks of the same U height together. Kit contents include hardware for connecting racks and a panel to cover the 100mm gap at the rear of the two racks.

Environment-friendly Products and Approach	End-of-life Management and Recycling	Hewlett-Packard offers end-of-life HP product return, trade-in, and recycling programs in many geographic areas. For trade-in information, please go to http://www.hp.com/go/green. To recycle your product, please go to: http://www.hp.com/go/green or contact your nearest HP sales office. Products returned to HP will be recycled, recovered or disposed of in a responsible manner. The EU WEEE directive (2002/95/EC) requires manufacturers to provide treatment information for each product type for use by treatment facilities. This information (product disassembly instructions) is posted on the Hewlett Packard web site at: http://www.hp.com/go/green. These instructions may be used by recyclers and other WEEE treatment facilities as well as HP OEM customers who integrate and re-sell HP equipment.
