Fujitsu brand scanners are designed, manufactured and marketed worldwide by PFU Limited, a wholly owned subsidiary of Fujitsu Limited (Japan). PFU is a globally active IT provider that designs, manufactures and markets computer hardware, peripheral products and enterprise software. PFU offers a broad portfolio of document scanners for professional personal, desktop, workgroup, high-volume production and networked environments and is one of the world's leading document scanner companies. PFU has been engaged in the document imaging scanner business for more than 25 years and generates an annual turnover of over $1 billion.

Operating in Europe, the Middle East, and Africa, PFU (EMEA) Limited is responsible for marketing and sales of Fujitsu document scanners. The European company was established in the United Kingdom in 1981 and has offices in Germany, Italy and Spain and Knowledge Suites in the UK, Italy, France and Russia.

PFU offers the most comprehensive range of document scanners available on the market today. Manufactured to the highest quality standards, Fujitsu scanners have an excellent reputation for reliability. Whether your application involves document management, archiving, workflow or forms processing, PFU most likely has the optimum scanner for the capture of your documents and data.

ScanSnap — The personal one touch scanning solution

scansnapit.com

ScanSnap **S1100i** — One touch paper to PDF USB powered scanner

- Scan at 7.5 seconds per A4 colour page
- Seamlessly link to iOS and Android devices
- Scan documents to your cloud accounts
- Flexible paper paths, scan 2 small documents simultaneously
- Efficiently scan and organise business card data
- ScanSnap Receipt - efficient tax and expense filing

ScanSnap **iX100** — Battery powered wireless scanner for the ultimate in portability

- Scan at 5 seconds per A4 colour page
- Equipped with GI processor for effortless scanning and distribution
- Built in Wi-Fi automatically detects and seamlessly switches between access points
- Scan to smart devices via ScanSnap Connect App
- Flexible paper paths, dual document scanning, A3 stitching
- ScanSnap Receipt - efficient tax and expense filing

ScanSnap **S1300i** — Allows Windows and Mac users to be productive and paperless

- Speedy duplex scanner, 12 ppm / 24 ipm
- 10 sheet ADF, scan from A8 to A4
- Can be optionally powered via USB
- Scan to editable Word, Excel and PowerPoint

ScanSnap **iX500** — Wi-Fi multi-platform duplex scanner

- Compact desktop scanner, 25 ppm / 50 ipm
- 50 sheet ADF, scan from business cards to A3
- Scan wirelessly to your smart devices, PC and Mac
- Simplex / duplex, intuitive functions

ScanSnap **SV600** — An intuitive, versatile and unique scanner for instant digitisation

- One touch operation for PC and Mac
- Versatile overhead scanning of everyday documents
- 3 seconds to scan an A3 landscape page
- Small footprint and robust design
- Continuous scanning with page turning detection and timed mode

Scansnap Cloud

scansnapcloud.com/emea

Takes paper directly to your cloud.

New! Now featuring searchable PDFs.

Are you a regular user of cloud services like Dropbox, Google Drive, Evernote or similar? Then ScanSnap Cloud is the go-to solution for your documents, business cards, receipts and photos. Simply scan, or use your smartphone's camera, and ScanSnap Cloud will identify the type of content and route it to your preferred cloud service. No PC required.

ScanSnap   Smart Device / Computer

...more than 15 applications including*:

Folder | Word | PowerPoint | Excel | ScanSnap Organizer | iPhone®/ iPad®, Android™ and Kindle™

*Some applications only relevant on certain ScanSnap models.

SP Series — Single purpose scanning for professional use

emea.fujitsu.com/scanners

SP-1120 / SP-1125 / SP-1130 / SP-1425

Simple operation and reliable performance

- Scanning up to 20 ppm / 40 ipm (SP-1120), 25 ppm / 50 ipm (SP-1125/SP-1425) and 30 ppm / 60 ipm (SP-1130) (landscape, 200 dpi) in colour, B&W and grayscale
- Compact footprint: SP-1120/SP-1125/SP-1130: W: 298 x D: 135 x H: 133 mm, SP-1425: W: 454 x D: 331 x H: 129 mm
- Ultrasonic double-feed detection ensures reliable scanning
- True 600 dpi resolution
- Bundled with PaperStream IP

SP-1425

PaperStream IP - high quality image enhancement

- Scanner driver - compliant with industry standard TWAIN and ISIS interfaces
- Best in class image processing for exceptionally clear, high quality scanning results
- Intuitive, easy to use interface - easily switch between Admin- and User mode

PaperStream Capture - enhanced capture

- Easy to use "One Click Capture" solution
- Supports user-friendly creation of scanning routines
- Controls the process from scanning through to releasing to defined workflows

Workgroup and Departmental

fi-7030 — The starting point for document capture

- Introduces PaperStream Capture V 1.5 batch scanning efficiency
- Compact design: footprint smaller than A4 paper
- Instant processing performance at 27 ppm / 54 ipm (A4, portrait, colour, 200 / 300 dpi)
- Mixed batch scanning – different sizes, thick, thin, rough or delicate from 40-207 g/m^2
- 50 sheet adjustable and refillable document feeder

fi-7140 — Professional capture at the desktop

- 40 ppm / 80 ipm at 300 dpi in colour and B&W
- Skew reducer aided by independent pick rollers
- Manage from a single location with Scanner Central Admin

fi-7240 — Supports multiple scan requirements

- 40 ppm / 80 ipm at 300 dpi in colour and B&W
- Skew reducer aided by independent pick rollers
- Manage from a single location with Scanner Central Admin
- Flatbed for scanning bound or stapled documents

fi-7160 / fi-7180 — A milestone in document scanning

- 60 ppm / 120 ipm (fi-7160) and 80 ppm / 160 ipm (fi-7180) at 300 dpi in colour and B&W
- iSOP (Intelligent Sonic Paper Protection)
- Skew reducer aided by independent pick rollers
- Integrated LCD and Central Admin tools

fi-7260 / fi-7280 — High performance desktop scanning

- 60 ppm / 120 ipm (fi-7260) and 80 ppm / 160 ipm (fi-7280) at 300 dpi in colour and B&W
- iSOP (Intelligent Sonic Paper Protection)
- Skew reducer aided by independent pick rollers
- Integrated LCD and Central Admin tools
- Flatbed for scanning bound or stapled documents

fi-7460 / fi-7480 — Superior distributed scanning technology

- 60 ppm / 120 ipm (fi-7460) and 80 ppm / 160 ipm (fi-7480) at 300 dpi in colour and B&W
- Ultra compact design (W: 380 x D: 209 x H: 168 mm)
- A8 – A3 and folded scanning up to A1
- iSOP (Intelligent Sonic Paper Protection)
- Skew reducer aided by independent pick rollers
- Integrated backlight enhanced LCD and Central Admin tools

Speciality Scanners

fi-65F — High speed A6 format scanner

- Quick and easy scanning of documents to A6 size
- 1 second per A6 scan (B+W), 1.7 seconds (colour)
- Ultra compact design, 145 x 234 mm footprint
- Auto cropping and auto deskew
- Can be optionally USB powered

Production

fi-6670 / fi-6770 — Loaded with intelligent automation functions

- 90 ppm / 180 ipm at 200 dpi in all colour modes (A4 landscape)
- User centric design with minimum space requirement
- 200 sheet ADF, rotatable ADF and flatbed (fi-6770)
- A8 to A3 scanning

fi-6750S

- Simplex scanning speed with 72 ppm at 200 and 300 dpi (A4 landscape)
- 200 sheet rotatable ADF and flatbed

fi-7600 / fi-7700 — High performance document capture

- Instant processing performance at 100 ppm / 200 ipm (A4, landscape, colour, 200 / 300 dpi)
- Mixed batch scanning – A8 to A3 from 20-413 g/m^2
- Folded documents up to A1 and longer
- 300 sheet ADF, rotatable ADF and flatbed (fi-7700)
- 30,000 documents daily duty cycle

fi-6400 — Ideal enterprise class scanning solution

- 100 ppm / 200 ipm at 300 dpi in colour and B&W (A4 landscape)
- 500 sheet hopper, A8 to A3 scanning
- Market leading technology and automated routines

fi-6800 — Impressively fast A3 image scanner offering the best cost to performance ratio in its class

- 130 ppm / 260 ipm at 300 dpi in colour and B&W (A4 landscape)
- 500 sheet hopper, A8 to A3 scanning
- Added features for even better automation powering efficiency

fi-5950 — Built for volume scanning

- 135 ppm / 270 ipm at 300 dpi in colour and B&W (A4 landscape)
- A8 to A3 scanning / 500 sheet hopper
- 3 ultrasonic sensors capable of zoning
- 600 dpi optical resolution

Network Scanners

N7100 — Enhanced processing with one touch scanning and transmission

- Touchscreen network scanner with feeding speeds of 25 ppm / 50 ipm
- Instant processing and hardware image enhancement
- Active paper feeding mechanism handles broadest range of mixed documents and plastic cards
- USB ports for keyboard or IC reader connectivity
- Monitor and manage centrally through Scanner Central Admin tools
- Features unique capture user interface
