

MPN: MC-PCIE-AX99100

PCIe 4S DB9 RS232 Serial card

The PCI-Express Multi-I/O card is designed based on a high performance PCI serial communication chip from ASIX Electronics company, providing multiple serial device connectivity to your desktop computer. Most of the latest motherboards no longer come with a serial port. By using this card, user can add multiple serial ports to their computer for connecting serial devices, the product offers superior performance and unmatched data transfer, it is ideal for industrial automation applications.

Features:

- <bullet>Single-lane (X1) PCI Express End-point Controller with integrated PHY</bullet>
- <bullet>Compliant with PCI Express Base Specification, Revision 1.1</bullet>
- <bullet>Compliant with PCI Express card specifications</bullet>
- <bullet>Power supply : 1.2V, 3.3V</bullet></bulletlist>

- Supports four PCI Express functions
- Supports auto completion of configuration requests
- Supports built in flow control
- Supports Message TLP (Error) generation
- Supports integrated time out handling of Non-posted request
- Supports both legacy and MSI Interrupt
- Supports PCIe Power Management
- Supports Operating System: DOS/CE/XP /Vista/Win7/Win 8.0/ Win8.1/Linux kernel 2.6.15 and later.

Specifications

Package dimensions (verified)	Depth Verified	14.7 cm
	Gross Weight Verified	0.366 kg
	Height Verified	8 cm
	Width Verified	17.3 cm
Product dimensions	Net Weight (Product, kg)	0.06 kg
Technical details	Cable colour	Black
	Connector 1	DB9
	Connector 2	RS232
	Product colour	Black
Vendor information	Brand Name	MicroConnect
	Warranty	3 Year(s)
